Welcome...

We are proud to call the village of Moira our home, as our village is very special. Made up of small independent boutiques, gift shops and coffee shops our patients love to visit us and take some time to enjoy what Moira has to offer.

We opened in 2007 and have worked hard to keep the building's original features to create a unique, homely and relaxed atmosphere for our patients.

Quality is at the heart of everything we do. You can expect us to use high quality materials and reputable dental technicians and laboratories. It goes without saying our private treatments and services will exceed expectation. Even small treatments can make a big difference.

Whilst in our care your treatment will be carried out by a member of our highly trained dental team and we hope that you enjoy visiting the practice so much that you are happy to recommend us to others. We also work with a team of hand picked specialists within Northern Ireland for referral purposes if your dental health plan involves specialised treatment.

Derek graduated from Glasgow University in 2002 and came back home to work as a dental associate. In 2007 Derek bought over the building and its patients and opened Moira Cosmetic Dental. With a strong vision and passion for the high quality dentistry that

he wanted to provide and the high standards of service he wanted to achieve Derek set about making improvements to the building, the technology, his own professional development and the training and development of the team,

Derek Bingham BDS

PRINCIPAL DENTIST

Derek is always striving for excellence and determined to offer his patients the best options for their dental health. Derek is diligent and meticulous in his treatment of patients, the running of Moira Cosmetic Dental and his continued professional development.

Derek completed a certificate in dental implantology and has been placing dental implants since 2006. He is a member of the Association of Dental Implants and International Team of Implantology, attending regular study clubs and events. Derek has a strong interest in treating nervous patients and has been providing IV sedation since 2004, he enjoys the sense of achievement that both he and the patients feel when they are able to receive dental treatment that they would otherwise avoid. Derek is a member of the Society for the Advancement of Anesthesia in Dentistry and is also a Dental Phobia Certified Provider.

Since 2007 Derek has had a special interest in providing cosmetic orthodontic treatments, particularly for adult patients. He is a certified provider of Invisalign[®], he has completed both basic and

advanced training in Six Month Smiles[®] he is also an Inman Aligner[®] registered provider and most recently has introduced lingual braces to the practice, he has just completed a 9 day advanced orthodontic course. Derek feels passionate about the place that cosmetic braces have in modern dentistry and is a member of the European Society of Aesthetic Orthodontics. Derek wants to encourage his patients to improve their smiles using minimal invasive techniques and particularly enjoys completing cases where he also gets to use his vast array of cosmetic skills and knowledge.

Derek has completed two one year courses in cosmetic dentistry, the first in 2007 with Howard Stean and most recently the well esteemed Christopher Orr year long Aesthetic course in 2012. Derek is a Full Member of the British Academy of Cosmetic Dentistry and has completed specific cosmetic courses to attain this title, Derek is a regular attendee at BACD study clubs. In October 2014 Derek began an 18 Month training course with Tidu Mankoo on the topic of restorative dentistry.

Our Award Winning Team

Our award winning dental team share a commitment to the practice's common goals and we are lucky enough to have gained recognition for this. Job satisfaction is only achieved for our team when fantastic results are delivered for our patients.

There is nothing ordinary about any of our team members, each of them work to exceed standards. From Dentists to The Welcome Team, we work closely with you to make sure your teeth and gums stay healthy and beautiful.

At each stage of your visit with us there will be a member of our team available to explain your treatment options, advise on the different payment options available and they will also endeavour to book appointment times most convenient to you.

If you are uncertain with any aspect of your treatment please do not hesitate to ask a member of our team for help and advice.

Fabulous! Well worth every penny. Derek was very helpful and explained the procedure fully, so that I knew exactly what I must do if I was to achieve the result I wanted.

Our Treatments & Services

Implant

Restorative

Cosmetic Dentistry

Filling the Gaps

Dental Implants are a modern and sophisticated way of replacing a missing tooth, teeth or for replacing traditional dentures.

Dental implants do not rely on adjacent teeth and require no preparation of surrounding teeth. It is for these reasons they are generally the best option for replacing missing teeth.

Implants are often seen as an 'expensive option' however, although the short term investment may be more than the other tooth replacement options (bridges and dentures). They are the most natural; longest lasting and hard wearing option, making them a better long term investment. They can restore your confidence to smile again.

Straighter Smiles

At Moira Cosmetic Dental Surgery we just love creating straight teeth! We provide several different options for straighter smiles.

To fully understand our straightening treatments we recommend you make an appointment for a complimentary consultation.

At your consultation we can have a chat to determine what kind of braces would achieve the results that you want. We take you through our portfolio of patients wearing all types of braces, as well as photographs of those patients before and after treatment to demonstrate the results that could be achieved for you.

High Quality Dentistry

Our main priority is your dental health but we understand that when something is not right you want to fix it so you can eat, speak and smile with confidence.

Once we have established good oral health base we then work with you to achieve the smile you have always wanted. Some of the key treatments we provide are:

- Dental Implants
- Tooth Whitening
- Smile Contouring
- Porcelain Crowns
- Porcelain Veneers
- Dental Bridge
- White Fillings
- Adult Orthodontics
- Facial Line Softening

Routine & Hygiene

At Moira Cosmetic Dental we want you to understand all about your teeth, how to keep them healthy and your options when you need to treat them.

In this ever health conscious society we realise how important it is that you understand your dental health. We accept responsibility for educating our patients, their friends and family and our local community of the importance of healthy teeth and gums.

We routinely review the health of your gums, mindful of the links between good oral health and good general health. We also provide you with a detailed plan of your treatment options, finance implications and advise you on how to keep your teeth and gums healthy.

1. Award Winning Dentistry in Moira

We are a multi-award winning dental practice right here on your doorstep. In 2012 we won Best Dental Team UK and were also highly commended for Most Attractive Practice and Best Patient Care at the Irish Dentistry Awards in 2013. This year we have also been shortlisted for Best Team, Best Patient Care, Best Practice, Best Young Dentist, Best Employer and Practice of The Year. The results will be revealed in December on our Facebook page, so follow us to see how we get on!

2. We Have an Amazing Team

We have a dedicated, handpicked team of dentists and nurses who are committed to providing the highest standards. All of our team are passionate about dentistry, we go above and beyond the necessary training and Continued Professional Development, each member of the team hold dental nursing qualifications as a minimum and many of us have obtained additional qualifications.

3. We Have The Personal Touch

Moira Cosmetic Dental is a privately owned family business, all our materials, equipment, laboratories and suppliers are all chosen by Derek and Naomi, who take pride in offering the best quality and highest standard dentistry and patient care.

4. You Can Become A Member

We are no longer constrained by the NHS and instead offer membership to our patients. This means our patients can choose the most modern and sophisticated dental treatments that can be metal free dentistry, implants to replace missing teeth or machine prepared root canal treatment.

5. Dental Solutions For Everyone

As well as providing general dentistry, we also offer a whole range of extra services. Twilight Sleep Sedation for nervous patients, invisible and cosmetic braces for adults and children, implants for missing teeth, as well as line and wrinkle softening.

6. We Tick All The Boxes

We adhere to the British Dental Association Good Practice Scheme and are also regulated and inspected by the RQIA in Northern Ireland. Our inspection results are fantastic and we always aim for the highest standards.

7. We Are Dedicated To Your Health

We want you to understand your dental health, we provide hygienists services and encourage all patients, especially pregnant mothers, diabetics and those with heart conditions to attend regularly. We make sure you understand the importance of your gum health, overall dental health and how this links to your general health.

8. We Are Different

We hope you think we are special! Here at Moira Cosmetic Dental we delight in doing things differently, we are focused on patient care. A Moira Cosmetic Dental health check covers 30 different points, each helping you to understand your dental health and giving you the information you need to keep your mouth in optimum health.

9. We Work With You

We understand that everyone's personal circumstances are different. That is why we offer you treatment options, easy ways to pay and central point of contact to talk things through with.

10. We Understand

We understand some patients are nervous, that's why having treatment at Moira Cosmetic Dental might just be what you need to build your confidence. Nervous patients can come in and express their concerns and have an appointment with Laura away from a clinical setting, helping you to start your journey from someone who reluctantly comes to the dentist when in pain to a regular, preventative patient!
